

TASC FORCE

TEAM ACTION TO SUPPORT COMMUNITIES

Mike Bierman, SM of BJ's Westminster, Colorado, reports that it took only ten minutes to find ten volunteers to help build a house in Denver. As Mike reports, "Habitat for Humanity of Metro Denver is a great organization to help. It was amazing for our TASC Force team to work beside the couple who will eventually own the house. By the end of the day, our team really knew what it was like to put in a hard day's work outside in the sun. We even worked in the rain for a while and had to sit in a garage for 20 minutes due to tornado warnings. Our team can't wait for the next TASC Force event!"

Thanks Mike. I'm pleased to share these photos of your enthusiastic team hard at work. Team members joining Mike included Brittany Robertson, David Mercer, David Fode, David "Chubbs" Brown, Jen Ries, Mandy Meyer, Amber Armstrong, Matt Cox, Phil Ernest, and Brandon McClelland

Should any of our restaurants wish to set up a similar TASC Force event for your team members, just visit Habitat's website at www.habitatforhumanity.org and click on the "volunteer locally" link.
