

TASC FORCE

TEAM ACTION TO SUPPORT COMMUNITIES

It was early on a Sunday morning as team members in green TASC Force t-shirts began arriving at BJ's in La Mesa, California. Team leader and SM Chuck Stanley reports, "BJ's TASC Force was at it again on a blistering Sunday when our La Mesa TASC Force team went to help out at the Challenge Ranch in East San Diego County. Many people take for granted the upbringing they have received, but we learned that day that not all are so lucky. Children who are invited to the ranch have been faced with challenges growing up, and this gives them a chance to work with the horses and learn horsemanship. Their experiences at the ranch help them become better adjusted to their lives.

When the opportunity came to help out at the ranch, we gathered the troops to help mend fences, pull up sage brush, paint a shed, and offer some of our manpower for a day. Having team members so willing to help out our community really says a lot about the people working at BJ's and the spirit we all bring to our communities." Chuck and team, it was my pleasure to join you that day at the ranch – your spirit, teamwork and enthusiasm were inspirational. I look forward to your next event.
